Summary

Over 1 year of experience auditing and developing codebases. I have multiple top 1 finishes in Solidity and Rust (Ink!) based contests on Hats Finance. See my portfolio for private audits, contest results, judging, and lead auditor experience: [github](#). As of today, I am all-time #1 on the Hats Finance leaderboard (sorted by rewards): [leaderboard](#).

Experience

- **Independent Auditor and Developer** *Various Platforms*
 - Conducted independent audits and development projects for various companies.

Education

- **Master's Degree in Computer Science** (Data Science and Machine Learning) *2023*

Skills

- **Programming Skills:** Solidity, Ink!, Vyper, Python
- **Framework Skills:** Foundry, Hardhat
- **Other Skills:** Machine Learning, Data Science

Courses

- **Cyfrin Smart Contract Security and Auditing**
updraft.cyfrin.io/courses/security
- **Cyfrin Advanced Foundry**
updraft.cyfrin.io/courses/advanced-foundry

Experience in Details

All works are available [here](#).

Top in Competitions

- **Metrom** (*June 2024*) Language: Solidity Rank: 1st Results: [Link](#)
- **Kintsu** (*June 2024*) Language: Ink Rank: 1st Results: [Link](#)
- **Alephzero Most** (*April 2024*) Language: Ink, Solidity Rank: 1st Results: [Link](#)
- **Alephzero Common-amm** (*February 2024*) Language: Ink Rank: 2nd Results: [Link](#)
- **Possum Hlp-adapter** (*November 2023*) Language: Solidity Rank: 1st Results: [Link](#)
- **Convergence** (*September 2023*) Language: Solidity Rank: 2nd Results: [Link](#)

Judge and Lead Auditor on HatsFinance

- **PalmeraDao** (*June 2024*) Language: Solidity Report: [Link](#)
- **Inverter** (*June 2024*) Language: Solidity Report: [Link](#)
- **Kintsu** (*May 2024*) Language: Ink Report: [Link](#)

Private Audit, Testing, Development Profile

- **Possum Core** (*July 2024*) Language: Solidity Action: Private Audit
- **Arbitrage Bot** (*June 2024*) Language: Python, JavaScript, HTML Action: Development
- **Liquidityv2** (*June 2024*) Language: Solidity Action: Gas saving
- **Adapter** (*May 2024*) Language: Solidity Action: Private Audit
- **PortalsV2** (*April 2024*) Language: Solidity Action: Testing (foundry)
- **PortalsV2** (*March 2024*) Language: Solidity Action: Private Audit
- **HLP Adapter** (*January 2024*) Language: Solidity Action: Development and Testing (foundry)
- **Time Rift** (*December 2023*) Language: Solidity Action: Private Audit
- **HLP Portal** (*November 2023*) Language: Solidity Action: Testing (foundry)
